HOW TO USE THE MEAL PLAN

We know metabolisms are all different, so we’ve built this meal plan with that in mind, hoping to provide enough structure that it makes your nutrition easier, but enough flexibility that it works for each individual.

Here’s how it works. We’ve set up three primary meals per day, but you get to choose all of your snacks (and desserts). If you like to eat more often throughout the day, include smaller, less filling snacks more often. If you feel content with bigger meals, stick to the meal plan and only have 1-2 snacks per day. Do what works best for you, and what’s easiest for you to stick to your program.

Remember – if it’s too complicated or restrictive, you won’t be able to keep it up. The goal here is to find a lifestyle that feels second nature to you.

Last thing. If there is a recipe in the meal plan you don’t like, you are welcome to swap it out with another. Any recipe under the “Batch Cooking” or “Entrees” section of the site is approved. If you find a recipe online you want to use but aren’t sure if it’s approved, just reach out to 60day@lt.life.

You can find all 60day recipes at lifetime60day.com/recipes

THE BASE
Each day is programmed to have about 70% of your daily total calories needs (from breakfast, lunch and dinner). We’ve got recommendations below on your total calorie needs, but this is where that flexibility comes in if you already know your metabolism and your body – if you need more calories than what we recommend, choose your snacks accordingly (or double up on your servings). We also include a page on calorie add-ons – quick ingredients you can add to any meal to bump it up when needed (page 13).

WOMEN
We recommend shooting for about 1,800 calories per day, with the following macronutrient breakdown:
• Protein: 30% or 135g
• Carbs: 35% or 170g
• Fat: 35% or 70g

MEN
We recommend shooting for about 2,500 calories per day, with the following macronutrient breakdown:
• Protein: 30% or 185g
• Carbs: 35% or 220g
• Fat: 35% or 95g
HOW TO USE THE MEAL PLAN

COOKING FOR ONE
If you are cooking for one, halve each of the recipes in the meal plan. Most include four servings – halving the recipes (and ingredients) will give you two servings.

COOKING FOR TWO
Follow the meal plan and recipes as written. Males should include an extra 100-200 calories per meal and snack.

COOKING FOR FOUR
If you are cooking for four, double each of the recipes in the meal plan. Most include four servings – doubling the recipes (and ingredients) will give you eight servings.

SNACK SHAKES
Because protein is so critical to seeing success, we highly recommend incorporating an afternoon protein “snack” shake daily, using our Life Time Vegan Protein Powder or the Life Time Collagen Protein Powder. This will make it easy and convenient for you to hit those protein goals, and provide ensure you are getting in all of your daily essential amino acids.

WHAT TO DO WEEKS 5-8
To keep it as simple as possible for you, and provide a solid base of meal prep experience, you’ll be repeating the meal plans for weeks 1-4 in the back half of the program as well. Feel free to incorporate new recipes as needed, or if simplicity is your game, just follow the meal plan as is.
Focus on getting ample protein at every meal.

Fill half of your plate with non-starchy vegetables at every meal.

If you’re not used to preparing food, use more prepackaged foods for convenience.

Eat only when you are truly hungry, not based solely on the clock.

Supplement the food you eat with a high-quality multivitamin and fish oil daily.

Plan to eat at least 5 cups of colorful vegetables each day.

Drink at least 64 oz. of water each day.

Choose high-quality protein whenever possible.

Add natural, unprocessed fats to flavor your meals.

Document your success with these strategies.
TIPS TO 60DAY
THE RIGHT WAY

The 60day meal plan isn’t just about losing weight. It’s a lifestyle program that includes eating the right foods and in the right quantities to achieve your healthy way of life. Follow these guidelines to ensure your best results.

✓ WASH YOUR PRODUCE
Helps remove pesticides and bacteria.

✓ CONSUME AT LEAST 6 TO 8 SERVINGS OF VEGETABLES PER DAY
One serving is 1 cup raw or ½ cup cooked.

✓ CONSUME 2 SERVINGS OF FRESH FRUIT PER DAY
Organic berries and cherries are high in antioxidants and low in natural sugars. One serving is ½ cup fruit (1 cup berries), 1 small piece of fruit or ½ banana.

✓ CONSUME HIGH-QUALITY PROTEIN WITH EACH MEAL
This helps to stabilize blood sugars, energy level and cravings as well as provides amino acids needed for to build muscle. Try to include both animal and plant-based protein. Aim for 1 gram of protein per pound of goal weight.

✓ CONSUME OMEGA-3 FATTY ACID SOURCES SEVERAL TIMES PER DAY
These essential fats are critical for building healthy cell membranes and reducing inflammation. Get them from wild-caught, fatty fish (salmon) and take a daily fish oil supplement, as plant-based sources are not converted well by humans.

✓ INCREASE YOUR DAILY INTAKE OF WATER
Water is the most important nutrient for your body. It cleanses your organs and helps flush toxins and waste from your cells. Optimal intake is half your goal body weight in ounces.
If you’re on a budget and wondering what items you should buy organic and what items you can get that are conventional, here’s a list of foods to buy organic when possible — as these foods are grown with the most pesticides. Those not as important to buy organic are grown using the least amount of pesticides.

THE KEY TO MEAL PREP

Setting aside time on the weekends to batch cook multiple servings in bulk ensures you have easy, delicious go-tos during the week. Batch prepping individual ingredients (like boiled eggs or roasted veggies) also allows you to easily throw together meals or grab healthy snacks.

For the recipes included in this program, set time aside a few days per week to batch cook most of your meals for the next few days all at the same time. We’ll prompt you on the days we recommend doing meal prep, based on the meals you’re assigned during the week.

Then, save them in individual glass containers once they’re cooked so that you have easy grab-n-go lunches & dinners. Be sure to save the extras that you do not plan to eat this week in their own containers and freeze too - you’ll have healthy dinners ready to defrost and reheat in no time.

In addition to the meals and recipes we’ll provide, we also recommend batch prepping additional foods to have on hand – for snacks, emergency meals, or just back up if you’re still hungry or need something post-workout.

These are our top individual foods we recommend batch prepping:

1. Rice or quinoa
2. Hard boiled eggs
3. Roasted veggies
4. Chopped or sliced veggies – for snacking or quickly sautéing
5. Overnight oats
6. Baked sweet potatoes

STUCK IN A PINCH?
Here are your go-to back-up plan options when you find yourself out and about, or without a pre-prepped lunch or dinner option:

1. Veggie lettuce wrap sandwich, no cheese or mayo, add avocado or Dijon mustard.
2. Burrito bowl with double protein of choice, beans OR rice, added veggies with salsa and guacamole – hold the cheese and sour cream.
3. Bun-less veggie burger (optional add of avocado) topped with lettuce and tomato, with a side salad or a side of streamed veggies.
4. Grocery store salad bar with fresh veggies, hard boiled egg, sunflower seeds, and oil and vinegar.
Depending on your goals, your satiety, or your workouts, there may be times during the 60day where you need to bump up the calories in a meal or a snack. See below for a few options you can use to supplement your meals.

Spring Rolls with Spicy Peanut Sauce
Makes 4 Servings
Calories 360 | Protein 15 | Carbs 48 | Fat 14

INGREDIENTS
Spring Rolls
- 1/2 Tbsp. sesame oil
- 8 oz. block of tempeh OR 12 oz. shrimp (cooked and deveined)
- 1 cup matchstick carrots
- 1/2 cup red cabbage, chopped
- 1 bunch mint
- 1 bunch cilantro
- Salt and pepper, to taste

Peanut Sauce
- 3 Tbsp. creamy peanut butter, no added sugar
- 1/2 Tbsp. sesame oil
- 2 Tbsp. coconut aminos or gluten-free soy sauce
- 1-2 Tbsp. water, as needed
- 1/2 tsp. garlic powder
- 1/2 tsp. ground ginger
- Red pepper flakes, to taste

DIRECTIONS
1. In a medium skillet, warm sesame oil until melted. Add your protein (shrimp or tempeh) and sauté on medium-high heat. Cook the shrimp for about 4 minutes, careful not to overcook (since they are precooked). For the tempeh, cook for about 4 minutes until golden brown, then flip and cook the other side for another 4 minutes. Remove from heat once finished and set aside.

2. On a clean surface lay out all of your ingredients – cucumber, cabbage, carrots, mint, cilantro, tempeh and rice noodles. Fill a wide bowl or shallow pan with about 1 inch of water and submerge a spring roll wrapper until it starts to soften, about 15 seconds. Remove from water before it becomes completely pliable – it will continue to soften and if it’s too soft it will be easily rippable and difficult to maneuver.

3. Place the wrapper on a flat surface and gently layer in a little bit of each ingredient. Typically 1-2 slices of each veggie and a few leaves of the greens will fill it up. Fold in the sides of the paper – start on the bottom, then each of the sides, and finishing with the top. The paper should stick together easily. Repeat until you run out of ingredients – you should have enough to make 6-8 rolls. Set rolls to the side.

4. In a small mixing bowl, add peanut butter, oil and soy sauce and microwave for about 10 seconds to melt. If still too thick, continue to microwave in 10 second increments until the oils are runny and easy to mix. Remove from the microwave and add the seasoning, mixing well. Add water here as needed to attain your preferred consistency.

5. Let the peanut butter sauce mixture cool, then dip your rolls and enjoy!

- 2 Tbsp. olive oil
- 2 Tbsp. lemon juice
- Salt and pepper, to taste
- 2 Tbsp. minced basil

DIRECTIONS
1. Preheat oven to 425 F. In a large sheet pan, add mushrooms, bell pepper, asparagus, tomatoes and pine nuts. Add in olive oil and mix until veggies and nuts are covered. Spread veggies on an even layer to avoid overlapping, and roast for about 40 minutes.
2. While the veggies are roasting, bring 4 cups water to a boil. Once boiling, add in farro, reduce heat, cover, and let simmer for about 40 minutes, until water has evaporated.
3. In a small bowl add the olive oil, lemon juice, salt and pepper. Whisk until all the ingredients are thoroughly mixed.
4. Once veggies are ready, remove from the oven and add to a large mixing bowl or sauté pan. Mix in dressing and farro, and top with feta cheese. Serve immediately and enjoy!
Black Bean BBQ Meatballs
Makes 4 Servings
Calories: 510 | Protein: 9 | Fat: 10 | Carbs: 54

INGREDIENTS
Meatballs
• 1/2 cup oat flour
• 1/2 gluten free oats
• 1/2 15 oz. can of black beans
• 1 tbsp. olive oil
• 1 tbsp. tomato paste
• 1 Tbsp. onion powder

BBQ Sauce
• 1/2 Tbsp. coconut oil
• 1/2 cup low-sugar BBQ sauce

2. Transfer mixture to a small bowl and start rolling it into small, 1 inch balls.
3. Once all balls are formed, melt ½ Tbsp. on a sauté pan over medium heat. Add meatballs and lightly toast, stirring frequently so the balls cook evenly – about 5 minutes total.

Brinner Bowl
Makes 2 Servings
Calories: 425 | Protein: 17 | Fat: 30 | Carbs: 25

• 1 cup bell peppers, diced
• 2 cups spinach, chopped
• 1 ½ tbsp. coconut oil
• 2 eggs

DIRECTIONS
1. Microwave potato for 3-5 minutes first. In a medium frying pan, melt ½ Tbsp. and sauté potato until crispy. Remove and set aside.
2. Melt another ½ Tbsp. of coconut oil in the frying pan and add cherry tomatoes, peppers and spinach. Sauté about 3-5 minutes. Add potatoes back in and set on very low, just enough to keep the mixture warm.
3. In a small frying pan, melt the rest of the coconut oil and turn temperature to low. Cook the egg over easy – gently crack egg and cook slowly until whites are firm and yolks are still runny. It may help to cover with a lid.
4. In a bowl, add veggie, then gently top with fried egg. Enjoy!
